

Have your say about the future of the Dores and Essich area!

We are developing a Community Action Plan (CAP) for Dores and Essich area that will shape the future development of our community for the next 10 years.

A CAP is a way for communities to identify the priorities that the community feels are important to it. Community needs are identified by the community – and so we wish to hear from all members of the community. During April, a community survey will be conducted, by paper and online. The survey is designed to get the views of ALL RESIDENTS in the Dores and Essich area, including children.

The survey can be completed either online or on a paper version.

 **Paper Surveys:** Paper surveys can be dropped off at Cherry Cottage, Dores. If you would like additional paper copies for other members of your household, please contact us on 01463 715533.

 **Online Surveys:** Complete the survey online - <https://www.surveymonkey.com/r/doesandessichcommunitysurvey>

The survey will close on Sunday 6th May, ALL survey responses must be completed by end of day. Please make sure you complete it so your voice is heard!

Responses to the survey will be analysed by Impact Hub Inverness, who have been commissioned to develop the CAP. The responses will be used to prepare a plan, but the information in your responses will be anonymised.

Impact Hub Inverness will also be holding public meetings in the Village Hall in May, on Saturday 18th May (10am - 3pm) and Thursday 23rd May (5:30pm - 8:30pm).

If you have any questions, or are having difficulty completing the survey, you can contact the Impact Hub Inverness team on 01463 715533 or by email at inverness@impacthub.net.
